Seniors: Not Just Better — The Best

102 surviving members of the Senior Class spent the year having fun and letting out frustrations that were held over from past years. The class started out the year with a great rivalry with the juniors in the Powder Puff football game. As part of the pre-game spirit, the team and the innovative coaches arrived at the outdoor pep assembly on the Delta fire engine, complete with lights and sirens for the "Burning of the Junior." The game produced many bumps and bruises, but in the end the seniors beat the juniors by a touchdown.

Throughout the year the Seniors were the backbone of various teams and clubs which brought home many championships and honors to DHS.

Garbed in tuxes and formal dresses, the class gathered at the Palomar for their Senior Ball and then began counting down the days until graduation.

The Delta High's Marching Band began its season by marching in the 4th of July parade. Training continued even when school started and early morning sessions became common place. The first competition was at BYU in October. Delta beat Lehi, a first, by taking third place behind Payson and Springville.

The final results of the Davis Cup were disappointing

to the band. At first it was announced that Lehi had won. Later on it was revealed that Delta won by five points, and the judges called it a tie giving Delta a trophy.

A new group was added to the Colorguard, including the short flags. They took first place at the BYU competition, beating Payson, a 3A school.

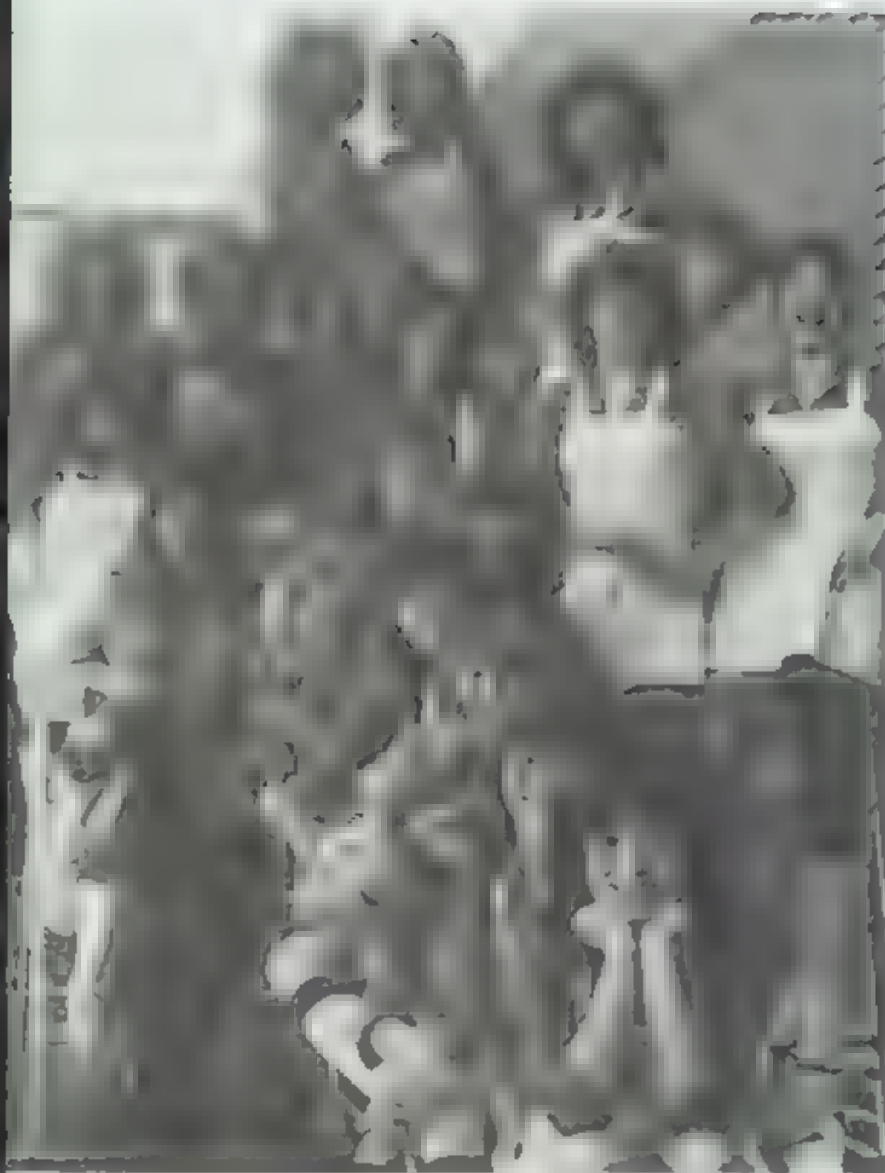

TriDels Take First At Region; Second At State

TriDelta's success in the regional and state competitions was a testament to the hard work and dedication of its members. The team's victory at the regional level was a significant achievement, and their second-place finish at the state level was a testament to their skill and teamwork. The members of the TriDelta team were proud to represent their university and to have won these prestigious awards.

ACTIVITIES

Delta Welcomes New Students

This year marked the beginning of the influx of people coming to Delta for IPP related jobs. Delta High School felt the impact as new students arrived from all over the Western States. Approximately 100 new students registered throughout the year. Although most of these students came from larger schools many of them had positive comments about Delta High School. They liked the friendly atmosphere, the clean school and the open campus. Toward the end of the year the school started planning for even more students who will be coming in next year.

What's Popular At D.H.S. In 1982

In a survey taken at the end of the year, two-thirds of the sophomores, juniors, and seniors confessed that they play video games and spend between \$1.00 and \$5.00 per week on the arcade machines. Of those polled, Pac Man and Ms. Pac Man were the favorites of 66%, 33% liked to play Asteroids, Firebird, Galaxian, Donkey Kong, Tempest, and pinball.

Comedy and horror movies ranked high in the upper grades. 60% of the students saw between one and ten movies, while 40% watched more than 10, some saw as many as 25. The favorite flick of the movie-goers was Superman II, followed by On Golden Pond, with Raiders of the Lost Ark and Stripes tied for third. The French Lieutenant's Woman and Chariots of Fire were the least favorite films.

Rock Music was this school's most favorite; country and pop were close behind. Newcomer Rick Springfield was the biggest winner in the favorite solo artist category with Olivia Newton-John's and Pat Benetar's combined scores barely equaling half of his. There were several favorite groups as the close scores indicate. J. Geils Band led the pack with Air Supply, Journey, Go Go's, and The Oak Ridge Boys following close behind. Journey-Escape was the favorite album, Styx' Paradise Theater placed second. The Oak Ridge Boys' Greatest Hits and Air Supply- The One You Love tied for third.

Endless Love was the most popular song of last year. Open Arms came in second, with a three-way tie for third: Bette Davis Eyes, Centerfold, and Here I Am.

'Til death do you a part, or until Friday night at midnight, which ever comes first" was one of the phrases that was heard many times in the halls of DHS as several couples took wedding vows for Sadie Hawkins Day

The girls were given three days to catch their "man." Some of the guys like Rick Tolley, wouldn't give up even after the girl had tackled them in the hall. A few couples went all out for their wedding. They had cakes, flowers, and photographers at the ceremony which was conducted by a varsity cheerleader in a flowing choir robe.

Tim and Marsha agreed that a handshake would do instead of a kiss. 2 Don't you ever give up, Kyla? 3 Brian and Virginia practiced in the halls for the dance. 4 Daren had cold feet at his wedding, but Teresa's eagerness came through her lovely veil.
